relay

PRESS & MEDIA / NOVEMBER 2026

A community on your wavelength.

ABOUT RELAY

Relay is a free iPhone community created by Trevor, a full-time dispatcher, for the people behind emergency communications. It provides a place to connect with others who understand life behind the headset.

WHO IT IS FOR

911, police, fire and EMS dispatchers, call takers, telecommunicators, CTOs, supervisors and commanders at eligible PSAPs, government agencies and NGOs. Members join individually using Sign in with Apple, then verify an eligible agency work mailbox. Work-email re-verification is required every six months.

WHAT MEMBERS CAN DO

Join community conversations and agency or interest groups; connect through profiles, friends and direct messages; voluntarily clock in to the on-shift chat; use breathing and grounding tools; and keep an account-private, synced Journal.

AVAILABILITY & COST

Available for iPhone on the Apple App Store. Relay will always be free; no feature purchase or subscription is required. Any future developer tips would be optional and would unlock no benefits.
https://apps.apple.com/app/id6836572169

BOUNDARIES

Relay is an independent community, not an employer monitoring tool, emergency dispatch service, clinical provider or monitored crisis service. No location tracking is used for clock-in. Agency mailbox access is not independent proof of employment. Journals and DMs are not end-to-end encrypted; see the privacy policy for access and retention details.

SHORT DESCRIPTION

Relay is a free iPhone community for emergency dispatchers and communications staff, created by a full-time dispatcher. It brings community, voluntary on-shift connection, wellness tools and a private Journal together in one app.

CONTACT

For interviews, questions, image requests or a current feature check, contact Trevor through Support@relay911.app. Website: relay911.app. No user counts, clinical outcomes, agency endorsements or awards are claimed in this kit.

BRAND & IMAGE USE

Use the supplied wordmark and mark in their original proportions. Preserve clear space and readable contrast; do not recolor, stretch or imply sponsorship by Relay, Apple, a government agency or an employer. The included screenshots are existing shared app UI captures with fictional sample data, not physical-device photographs or a promise that every release looks identical. Please describe them as example app screens.

INSIDE THE DOWNLOAD

This fact sheet, transparent PNG/SVG logos, app icon, example Community / On Shift / Wellness screenshots, approved agency and dispatcher/ECC one-pagers, App Store QR, social graphics, image descriptions and brand-use notes. Public assets contain no member information or private review credentials.
